Recently purchased a 2005 Expedition Eddie Bauer edition with 123K miles on the clock. I knew it needed a tune-up, so I put new Motorcraft plugs in. Recently, I've been pulling misfire codes so I changed the COPs with new Motorcraft ones. Codes cleared, but I am still experiencing rough idle and rough ride at around 1500 RPMs.

Feels like its misfiring but no codes | Ford Expedition Forum

2000 Ford Expedition Technical Service Bulletins

I just bought an 2000 Expedition last night that is in great shape but runs rough. As I backed off the accelerator, it started to pick up smoothly but when I accelerated it started to miss and buck. The check engine light is not on nor does it flicker on and off.

Rough running with no check engine ... - Ford Expedition Forum

P0303 should not be ignored, and can be a threat to the drivability the Ford Expedition. The nice thing about P0303 is that it's a cylinder specific trouble code, which makes diagnosing the problems simpler than P0300, which means that the cylinders are randomly misfiring. It will often be accompanied by codes P0301, P0302, etc.... These particular codes indicate that there is a misfire in cylinder's one of the other cylinder's as well
