The law explains the relation between fluid leaving a hole and the liquid's height in that container. The relationship can be summarized in the following manner. If you have a container filled with fluid with small holes at the bottom of the container, the fluid leaves through the hole with velocity same as it would experience if dropped from ...

Torricelli's Law Formula and Derivation - Torricelli's Theorem

The Egyptian revolution is proving to be a very legal one. That is not to say that the revolution's demands have been legalized, nor that Egypt's law has been revolutionized, rather, the forces that have come to the fore since the toppling of Mubarak in Feb 2011 have chosen law as the privileged form through which to bargain with each other.
