People by Mark McGuinness

As creative people, we have ideas. Bad, good, weird, clever, and even brilliant ideas. But most of them (even the great ideas) never see the light of day. Why? If you ask a creative person, the answer will always revolve around time. We simply need time to execute an idea, and do it well — more time than we have.

Don't Read this Book: Time Management for Creative People ...

In *Time Management for the Creative Person*, creativity guru Lee Silber offers real advice for using the strengths of artistic folks—like originality and resourcefulness—to adopt innovative time-saving solutions, such as: *

- Learning to say no when your plate is just too full
- * How to know when a good job, not a great one, is good enough

able to meet all goals, both personal and business. Yet there are certain people who find it harder than others. And those are creative people, artists.

8 Time Management Tips for Creative People - FotoLog

Time Management for Creative People. written by Brian Clark. posted on December 8, 2007. When it comes to writing and other creative work, time management is crucial. For example, I have a certain writing “zone” when I can get the words out, and if I miss it, the day is pretty much shot as far as writing goes. I just finished reading Time Management for Creative People, a free ebook released by writer and creativity coach Mark McGuinness.

Time Management for Creative People | Mark McGuinness ...

Creative people are polychronic. Time is fluid, priorities are in constant flux. To maximize our skills and impact, TIME is not the thing to be managed, but our AWARENESS. It's not so much about artists learning to be better businesspeople, or learning how to squish ourselves into a better business model.

Time Management for Creatives | Creative Plus Business

Time management is one of the hardest skills for people to manage on their own. Although some lucky people are able to manage their time efficiently, most people need a lot of practice to acquire it. The good news is that with the current state of technological development, becoming organized could not be any easier.
